Runway and Apron Pavement Treatment Project

On September 17, 2024, the Redlands City Council awarded a contract for construction of the Runway and Apron Pavement Treatment Project (Project). C.R. Contracting (Bend, OR) was awarded the contract for \$616,499. This Project will resurface the Redlands Municipal Airport runway and west apron and replace striping.

This letter is to notify you that construction is estimated to begin on November 12th for a duration of approximately two weeks. During this two-week period the runway and west apron will be closed. **No vehicles or aircraft traffic will be permitted on the west ramp or runway during the closure.** This closure will be annotated by a Notice to Air Mission (NOTAM) and a notification sent to Southern California TRACON. **City staff will send out another notification approximately one week prior to the beginning of work and send updates throughout the course of this project.** We realize construction activity may be disruptive or inconvenient and we appreciate your patience. The Runway and Apron Pavement Treatment Project is necessary to the extend the life of the Redlands Airport pavement. You can expect see construction activity beginning at 7:00 am and ending by 4:00 pm each weekday, excluding City recognized holidays. The City representative listed below are available to assist you should you have any questions.

We appreciate your patience and cooperation during this Project.
